

MACHINE SERVICE CONTRACT

EQUIPPED FOR CHANGE

OUR EXPERTISE AT YOUR DISPOSAL

With scheduled service and preventive maintenance you are able to prevent breakdowns and downtime in your production. Our experienced technicians use their extensive knowledge of your equipment to secure the efficiency and stability of your plant.

Not only will scheduled service and preventive maintenance ensure the continued performance of your machines, it also increases uptime and plays a big part in reducing operating costs.

The service contract you sign with us, is tailored to your machines and your needs. Together we will find the best maintenance program for your site.

WHY CHOOSE AN ANNUAL SERVICE CONTRACT?

Scheduled service and preventive maintenance packages decrease costly downtime.

TAILORED SERVICE

Our service technicians are experienced in creating targeted maintenance programs.

To make sure your machine runs at its full performance, we will do the required maintenance, adjustments and repairs. This way we ensure that your machine is ready for the next season.

YOUR ANNUAL SERVICE CONTRACT INCLUDES:

- 5 years warranty on the machine.
- Local service.
- Inspection and adjustment.
- Lubrication and tensioning.
- Performance check and calibration.
- A maintenance record.
